Safety and Crime Prevention - A description of: 1) Any activities, services, or programs provided or offered by an agency, either directly or in partnership with other service providers, to child or adult victims of domestic violence, dating violence, sexual assault, or stalking; 2) Any activities, services, or programs provided or offered by a PHA that helps child and adult victims of domestic violence, dating violence, sexual assault, or stalking, to obtain or maintain housing; and 3) Any activities, services, or programs provided or offered by a public housing agency to prevent domestic violence, dating violence, sexual assault, and stalking, or to enhance victim safety in assisted families.

The Housing Authority adopted its Violence Against Women Act (VAWA) policy to help ensure that all actual and potential beneficiaries of its HCV program are aware of their rights and protections under VAWA. Information regarding VAWA is posted in the Housing Authority's offices, on the agency website and copies are made available to all Housing Authority program applicants and participants. Additionally, clients are information of the National Domestic Violence Hot Line and contact information for local victim advocacy groups or service providers.

The Housing Authority provides all participants with information outlining their rights under VAWA at the time of admission. HACSB will also include information about VAWA in all notices of termination of assistance. The PHA will further provide information about VAWA to any applicant or participant who has possible domestic violence activity, police activity involving a domestic disturbance, other domestic disturbances, restraining orders, or related activity, prior to interviewing or questioning an applicant or participant about the related activity. If in the normal course of interviewing or questioning of police activity, disturbances or criminal activity it is revealed that there is a possible incident or activity related to a domestic disturbance, interviewing or questioning will temporarily stop, and the applicant or participant will be informed of their rights under VAWA before the interviewing or questioning resumes.

Whenever Housing Authority staff has reason to suspect that providing information about VAWA to a participant might place a victim of domestic violence at risk, staff will attempt to deliver the information by hand directly to the victim or by having the victim come to an office or other space that may be safer for the individual, making reasonable accommodations as necessary. When discussing VAWA with the victim, the Housing Authority staff will take reasonable precautions to ensure that no one can overhear the conversation, such as having conversations in a private room. The victim may, but is not required to, designate an attorney, advocate, or other secure contact for communications regarding VAWA protections.

The Housing Authority also provides owners and managers with information about their rights and obligations under VAWA when they begin their participation in the HCV program.

All information provided to the Housing Authority regarding domestic violence, dating violence, sexual assault or stalking, including the fact that an individual is a victim of such violence or stalking, is retained in confidence by staff.

Substantial Deviation - PHA must provide its criteria for determining a "substantial deviation" to its 5-Year Plan.

The Housing Authority defines significant changes to the Agency Plan to be:

- Changes to tenant/resident admissions policies;
- Changes to the termination policy;

- Changes to the tenant/resident screening policy;
- · Changes to rent policies; and
- Changes to the organization of the waiting list.
- (c) The PHA must submit its Deconcentration Policy for Field Office Review.

HACSB utilizes a user-friendly, accessible on-line application process on the agency website. HACSB has established annual admissions goals for the Voucher program, which includes provisions for deconcentration of poverty and income mixing. These admission goals conform to HUD guidelines for new admissions and include targeting of extremely low-income families.

HACSB's entire public housing portfolio was repositioned through RAD, therefore, only centralized Housing Choice Voucher (HCV) waiting lists and certain project specific Project Based Voucher program waiting lists are maintained. For the HCV program, HACSB utilizes two separate waiting lists: Tenant-Based and Project-Based.

Waiting lists use pertinent applicant information, such as date and time of application, local ranking preferences (Veteran, living or working locally, involuntary displacement, special needs referrals) and income category to appropriately determine waiting list position. Waiting lists are updated and purged regularly in order to maintain an accurate record of the households requesting housing assistance. An applicant household determined ineligible is notified promptly in writing of the determination and informed of the right to an informal review. The Housing Authority opened its Tenant-Based HCV waiting list from April 5, 2021 through April 30, 2021 to allow for applicants eligible for Mainstream Vouchers to apply; HACSB received over 300 applications during this time.

At the onset of the COVID-19 pandemic, HACSB offices remained closed to the public, and all business was moved to an online/electronic platform. In July of this fiscal year, HACSB offices were re-opened to the public while following strict COVID-19 safety guidelines. There was no interruption in providing service to HACSB's clients despite the pandemic restrictions in place.

The Housing Authority continued to implement landlord incentives that have been extremely effective in attracting property owners and managers to the Section 8 program. The incentives include: vacancy loss payments; signing bonus of \$500 for new landlords; landlord referral bonus of \$100; unit damage protection reimbursement of up to \$2,000 for unpaid damages; owner requested inspections initiated by health & safety concerns; online portal providing landlords and managers with access to Housing Assistance Payment records; Security Deposit Loans; and Family Service Agency Supportive Services referrals. As noted above, with the provision of Emergency Housing Vouchers, HACSB added the following incentives: \$1,500 as a signing bonus, \$2,000 security deposit assistance and \$2,000 mitigation insurance fund in partnership with the County of Santa Barbara Housing Authority.

This year the Housing Authority supplemented its Security Deposit Loan Program (established in 2006) in the amount of \$50,000 from Non-HUD reserves, for Housing Authority Section 8 voucher holders who need assistance with the security deposit when renting a unit from a landlord within our jurisdiction (South Coast region of Santa Barbara County).

In 2017, the Housing Authority collaborated with University of California Santa Barbara (UCSB) on an updated countywide rental market survey. The resulting data was submitted to HUD for re-evaluation of Santa Barbara County's Fair Market Rents, and the Housing Authority successfully advocated for HUD to allow higher Fair Market Rents. These resulted in higher Payment Standards allowing Voucher holders to move into higher opportunity areas. Last year, the Housing Authority again worked with UCSB on an updated rental market study, and the resulting data was submitted to HUD who revised the FMRs resulting in an additional 12% over the initial 6% FMRs. The Housing Authority continues to use these FMRs. We, along with the County Housing Authority have engaged UCSB once again to perform a local market study to provide HUD with data to support our request for a revision to the 2022 Fair Market Rents.

A revision of the Housing Authority of the City of Santa Barbara's (HACSB) Housing Choice Voucher Administrative Plan was completed since last Annual Plan submission. A copy is provided in conjunction with the Annual PHA Plan (Attachment A).

Revisions to the Housing Choice Voucher Administrative Plan include:

- Updated the number of Mainstream vouchers allocated to our agency to include the newly awarded 75 Mainstream Vouchers. Total Mainstream allocation is now 285 vouchers.
- Updated the Homeless Preference to broaden the definition from Rapid Rehousing Clients to anyone that meets Housing and Urban Developments (HUD) definition of literally homeless.
- Updated the verification requirements for the homeless preference and residency preference.
- Added HUDs definition of "homeless" to the glossary.
- Temporary Policy Supplement was adopted as an amendment to the Plan, outlining the unique operating requirements of EHVs, pertaining to funding, required collaboration with partnering agencies, waitlist management, family eligibility, housing location assistance and the utilization of funding and reporting requirements.
- Clarified the agency's policy on conducting interim reexamination appointments for temporary income changes to indicate that a change must be anticipated to last a minimum of 60-days.

| Mixed Finance Modernization or Development: 1) A description of any housing (including name, project number (if known) and unit count) for which the PHA will apply for Mixed Finance Modernization or Development; and 2) A timetable for the submission of applications or proposals.  |

The Housing Authority of the City of Santa Barbara made a request to HUD for modification of the RAD Use Agreement for one of its former Public Housing family developments, Monteria Village. The appeal to allow re-development at this 28-unit development, despite the RAD Use Agreement limits encumbering or conveying the property until the 10-year anniversary of the HAP Contract, was made due to its need for upgraded infrastructure. HUD's allowing HACSB to pursue its development plans at this site, and others, will provide desperately needed affordable housing for low-income households.

Project Based Vouchers - Describe any plans to use HCVs for new project-based vouchers.

HACSB plans to fully maximize the allowed threshold of Project Based Vouchers under HR3700 (HOTMA). Currently, the Housing Authority has 442 PBVs allocated and/or utilized (as noted in table below), which is 15% of the total 2,972 Housing Choice Voucher Allocation.

#### B.3 Progress Report.

Provide a description of the PHA's progress in meeting its Mission and Goals described in the PHA 5-Year Plan.

#### GOAL I: CREATE AND PRESERVE QUALITY AFFORDABLE HOUSING OPPORTUNITIES FOR THE COMMUNITY.

The Housing Authority has made progress in meeting this goal within the last fiscal year. The following are excellent examples of how HACSB is preserving and creating quality affordable housing for the community.

- The Housing Authority purchased a three-unit apartment building to provide affordable housing for extremely low-income families, at 30% of area median income or below, who are homeless or at risk of homelessness.
- The Housing Authority purchased an 11-unit studio apartment complex with the goal to provide affordable housing for Santa Barbara's workforce.
- Last year the Housing Authority purchased a .25 acre vacant parcel of land with pre-approved plans, which has been redesigned into housing for persons coming out of homelessness. The Housing Authority was awarded financing for the construction of the building through the 9% Low Income Housing Tax Credit program, and has been granted use of Project-Based Section 8 Vouchers for all resident units. The subsidy layering review for the vouchers has been completed. Construction is projected to begin in late 2021 and is expected to be completed in 16 18 months.
- In 2019, the Housing Authority purchased a 1.6 acre property currently used as professional office space, and is moving
  forward with plans for a 48 unit affordable housing development for families, with 100% project-based voucher
  assistance.
- For the last few years, Housing Authority staff has been working with the City of Santa Barbara to identify underutilized, City-owned surface parking lots with the intent to develop affordable housing. A 1.1 acre lot was identified and HACSB has continued to work with City staff the past few years to obtain funding and approved plans for an affordable housing development at this site. Santa Barbara City Council approved an agreement for the Housing Authority to use the site to develop affordable housing, which was subsequently approved by HACSB's Board of Commissioners.

The Housing Authority has aggressively, and successfully, advocated for HUD to allow for an increase in the Exception Fair Market Rents (FMRs) for the South Coast of Santa Barbara County in previous fiscal years. Through working with UCSB's Economics Department, a countywide rental market survey was completed and resulting data submitted to HUD for re-evaluation of our County's Fair Market Rents. The results of the rent study were the reason that HUD revised the FMRs. The initially published FMRs (in August 2019) reflected a 6% increase. However, after HACSB submitted the UCSB study to HUD, the FMRs were revised, which resulted in an additional 12% over the initial 6%. As mentioned in previous section, the Housing Authority, along with the County Housing Authority, has engaged UCSB Economics department to perform a countywide rental market survey to submit to HUD for a re-evaluation of the published 2022 Fair Market Rents.

The Housing Authority continues to actively apply for new funding streams of Voucher assistance when notices of funding availability are issued. A total of 215 Emergency Housing Vouchers were distributed to this Housing Authority and the Housing Authority of the County of Santa Barbara. The two housing authorities entered into an MOU to collaborate with the Continuum of Care Program (CoC) and the County of Santa Barbara to lease up the EHV's. HACSB was allocated 89 of these EHVs. The County and City housing authorities utilized the following as incentives: \$10,000 on a media campaign to provide incentives to attract landlords to the program; \$1,500 as a signing bonus; \$2,000 security deposit assistance; and \$2,000 mitigation insurance fund.

This fiscal year, the Housing Authority applied for Moving to Work program status for Cohort 4 – Landlord Incentives through HUD's Moving to Work Expansion program. We have already successfully integrated landlord incentives into our Section 8 program such as vacancy payments, landlord protection funds to cover move out costs, and alternative inspection schedules.

# GOAL II: MAINTAIN AGENCY'S STRONG FINANCIAL POSITION AND ABILITY TO RESPOND TO ECONOMIC CONDITIONS

Through prudent efforts in obtaining development fees, HACSB has set our agency's financial position on sound footing. HACSB is continually in the process of seeking out other revenue sources to sustain and develop new housing programs.

The Housing Authority additionally continues to maintain a healthy economic mix of low-income residents in various housing programs, including work force individuals and families. HACSB adopted a policy for our Non-HUD program allowing our agency to serve working families and individuals earning up to 160% AMI.

# GOAL III: ENCOURAGE CLIENT STABILITY AND UPWARD MOBILITY THROUGH COMMUNITY BUILDING, ENGAGEMENT AND PARTNERSHIPS

The Housing Authority continues to actively promote and augment its Resident Services programs each year. Programs and events promoting self-sufficiency, higher education, community resources and family support have been added regularly to HACSB's offerings to participant families.

Additionally, HACSB continues its vital partnerships with community agencies to offer counseling, case management, referrals for health care needs, etc. to participant seniors, families and disabled individuals.

The Housing Authority, through its affiliate non-profit, was awarded \$100,000 to administer a senior supportive services program in partnership with a local neighborhood health clinic. The program is up and running and funds a dedicated team to work onsite at over six of the HACSB's senior housing developments, coordinating and providing medical and mental health assessments, health screenings and medical case management.

The Housing Authority's GRAD program supports low-income youth interested in gaining skills necessary to enter the job market through partnerships with local employers for internships. As a result of the COVID-19 pandemic, the Housing Authority suspended most in-person programming for the past sixteen months, and GRAD Academy services were impacted considerably. Given the importance of these after-school center operations, particularly at a time when students are facing substantial learning loss, the Housing Authority has partnered with United Way of Santa Barbara County for the administration of this program. The Housing Management Department and Resident Services will continue to develop concrete metrics to measure the effects of our programs and services.

The Housing Authority has continued to run its Resident Services programs despite COVID restrictions, safely and effectively. Most notably, the Housing Authority has partnered with Foodbank to distribute fresh produce and essential foods, as well as impart nutrition knowledge, and education for children, families and seniors.

#### GOAL IV: FOSTER A CULTURE OF EXCELLENCE AND INNOVATION IN OUR WORK ENVIRONMENT

Twice a year HACSB gathers staff together to re-evaluate process, progress and our core values of compassion, commitment, cooperation, competence and communication. During COVID restrictions, all-staff meetings have become virtual via Zoom.

HACSB has maximized its use of technology for innovation and efficiencies through creation of a user-friendly website. Access to information and the application process continues to be evaluated and enhanced as needed. This has been especially important during the COVID restrictions with no person-to-person contact in-house, as well as with the public. Information on our website needs to be up-to-date and effective.

HACSB has increased its use of social media to outreach and promote its program and successes to the community. Availability of training is ongoing and several times a year staff attend job-related training at the local community college, such as computer efficiency. Additionally, staff regularly participates in training on a variety of topics including Fair Housing, Harassment, Safe Driving, Domestic Violence, Housing Quality Standards, Leadership Development, Rent Calculation and Low Income Housing Tax Credit program compliance and financing. During the COVID restrictions, online training has been utilized.

The Housing Authority is making the commitment to being a workplace that embraces Diversity, Equity, and Inclusion (DEI) and has begun steps toward organization-wide efforts.

## **GOAL V: PROMOTE SUSTAINABLE PRACTICES**

Housing Authority staff continue to represent HACSB on several task forces, boards and commissions in the community in order to promote a positive image and increase involvement in community issues. Conservation, recycling and use of recycled materials in construction related activities continues to be encouraged with contractors, residents and vendors. Energy efficient hybrid vehicles continue to replace gas-powered vehicles upon turnover of HACSB automobiles.

## GOAL VI: CONTINUE TO STRENGTHEN RELATIONSHIP WITH CITY TO FURTHER HACSB'S ROLE AS THE CITY'S AFFORDABLE HOUSING ARM

Housing Authority staff continues to work closely with City of Santa Barbara staff on the City's annual Consolidated Plan and Housing Element updates to ensure affordable housing elements are in line with policy. Since 2018, Housing Authority staff has been working with the City on exploring the possibility of developing rental housing on City-owned surface parking lots. In 2019, the Santa Barbara City Council provided approval for Housing Authority and City staff to determine the feasibility of developing rental housing on a specific, underutilized commuter lot, and in 2020, a Memorandum of Understanding was executed between

|      | the City and the Housing Authority to memorialize this intent. In September of 2021, the Housing Authority entered into a Project Agreement with the City allowing the Housing Authority to move forward with affordable housing development plans for the site. The Housing Authority will continue to work with City staff and hopefully in 2022 reach the goal of obtaining funding and approved plans for an affordable housing development at this site.   |

#### D. Affirmatively Furthering Fair Housing.

### D.1 Affirmatively Furthering Fair Housing.

The PHA will use the answer blocks in item D.1 to provide a statement of its strategies and actions to implement each fair housing goal outlined in its accepted Assessment of Fair Housing (AFH) consistent with 24 CFR § 5.154(d)(5) that states, in relevant part: "To implement goals and priorities in an AFH, strategies and actions shall be included in program participants' ... PHA Plans (including any plans incorporated therein) .... Strategies and actions must affirmatively further fair housing ...." Use the chart provided to specify each fair housing goal from the PHA's AFH for which the PHA is the responsible program participant – whether the AFH was prepared solely by the PHA, jointly with one or more other PHAs, or in collaboration with a state or local jurisdiction – and specify the fair housing strategies and actions to be implemented by the PHA during the period covered by this PHA Plan. If there are more than three fair housing goals, add answer blocks as necessary.

Until such time as the PHA is required to submit an AFH, the PHA will not have to complete section D., nevertheless, the PHA will address its obligation to affirmatively further fair housing by fulfilling the requirements at 24 CFR 903.7(o)(3) enacted prior to August 17, 2015, which means that it examines its own programs or proposed programs; identifies any impediments to fair housing choice within those programs; addresses those impediments in a reasonable fashion in view of the resources available; works with local jurisdictions to implement any of the jurisdiction's initiatives to affirmatively further fair housing that require the PHA's involvement; and maintain records reflecting these analyses and actions. Furthermore, under Section 5A(d)(15) of the U.S. Housing Act of 1937, as amended, a PHA must submit a civil rights certification with its Annual PHA Plan, which is described at 24 CFR 903.7(o)(1) except for qualified PHAs who submit the Form HUD-50077-CR as a standalone document.

This information collection is authorized by Section 511 of the Quality Housing and Work Responsibility Act, which added a new section 5A to the U.S. Housing Act of 1937, as amended, which introduced the 5-Year and Annual PHA Plan. The 5-Year and Annual PHA Plans provide a ready source for interested parties to locate basic PHA policies, rules, and requirements concerning the PHA's operations, programs, and services, and informs HUD, families served by the PHA, and members of the public of the PHA's mission, goals and objectives for serving the needs of low-income, very low-income, and extremely low-income families.

Public reporting burden for this information collection is estimated to average 7.02 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. HUD may not collect this information, and respondents are not required to complete this form, unless it displays a currently valid OMB Control Number.

**Privacy Act Notice.** The United States Department of Housing and Urban Development is authorized to solicit the information requested in this form by virtue of Title 12, U.S. Code, Section 1701 et seq., and regulations promulgated thereunder at Title 12, Code of Federal Regulations.
