

What are the benefits of MTW for my community?

The MTW demonstration program can provide numerous benefits to your agency. Below we have listed a few of the benefits.

- *Authority to waive statutory and/or regulatory barriers* - As an MTW agency you are exempted from certain Sections 8 & 9 regulations. These exemptions allow your agency to implement new rent policies, increase self-sufficiency for families, provide incentives to landlords for participation in the voucher program, and many other things.
- *Ability to create policies that address your local needs* - MTW agencies can target assistance to specific populations or address specific issues within their community.
- *Rethink your current administration of public housing and voucher programs* - MTW agencies can streamline administrative procedures which saves staff time and costs. The money saved can be used to create additional resources for tenants and can help them achieve self-sufficiency, accomplish educational goals or increase their earned income.
- *Become an industry leader* - As demonstrated through the provisions in HOTMA and the Streamlining Rule, innovative policies implemented by MTW agencies have been instrumental improving the overall public housing and voucher programs for all public housing authorities.

Is there a policy you wish your agency could implement but a Section 8 and/or 9 requirement stands in your way? If so, MTW may be the program that will allow you to do that.

When can I apply?

Agencies will be selected to participate in the MTW demonstration program through competitive Selection Notices. Each Selection Notice will invite a group of interested agencies to apply to a cohort that will test a specific policy change. These policy changes were determined based upon the advice of the MTW Federal Advisory Committee. Selected agencies will be able to implement any of the MTW Waivers contained in the MTW Operations Notice to the extent that the waiver does not adversely impact the cohort study. We encourage interested agencies to review the Table of MTW Expansion Cohorts and begin thinking about which MTW cohort you believe your agency would be most interested in participating in.

What is MTW?

The Moving to Work (MTW) demonstration program provides select public housing authorities with a unique opportunity to become industry leaders. MTW agencies are able to design and test innovative, locally-designed housing and self-sufficiency strategies for low-income families rather than administering their public housing and Housing Choice Voucher (HCV) programs under the “one-size-fits-all” approach.

MTW agencies have the flexibility to apply fungibility across their HCV, Operating Funds, and Capital Funds. MTW agencies are also able to flexibly administer their public housing and HCV programs. MTW designated agencies are granted exemptions from existing public housing and voucher rules. Because of the exemptions provided, designated MTW agencies can create policies that address local needs.

Engaging your community is a critical component to the success of your MTW initiatives. It is never too early to start having conversations with your community, residents and stakeholders regarding your interest in MTW and policies you would like to implement.

Interested agencies are encouraged to start thinking about what types of policies they would like to implement as part of the MTW demonstration program. Examples of the types of policies that have already been implemented by agencies can be found in the approved MTW Plans and accepted MTW Reports which are all available on our website (www.hud.gov/mtw).

More information regarding the cohorts can be found on the MTW website. We also suggest that interested agencies review some of the resources below to find out more about MTW.
