Housing Support

Newly housed people will likely still need support to maintain housing. Many resources in this guide will apply to people who have been recently homeless but are now housed. This section contains additional resources.

Adult Protective Services (APS)

Each county has an APS agency to help elder adults (65 years +) and dependent adults (18-64 who are

disabled), when adults are unable to meet their own needs, or are victims of abuse, neglect or exploitation. County APS investigates reports of abuse of elders and dependent adults who live in private home, hotels, hospitals and health clinics when the abuser is not a staff member. (The Licensing & Certification program of the CA Department of Health Services handles cases of abuse by a member of a hospital or health clinic.) County APS staff evaluates abuse cases and arranges for services such as advocacy, counseling, money management, out-of-home placement, or conservatorship.

The second step, or a concurrent one, is to apply for a Section 8 housing voucher. The Section 8 Housing Choice Voucher Program allows low-income households (voucher holders) to pay approximately one-third of their income in rent and utilities to participating housing providers. The remainder of the rent is paid through federal subsidies to the housing providers by HACSB. The waiting list is long but priority may be given to: Chronically homeless individuals , Veterans, Seniors, or Vulnerable or disabled individuals

Veteran Services

“While the number of Veterans experiencing homelessness has been declining over the past three years, 67,000 former service men and women were homeless on a given night in 2011 as estimated by the VA. In general, Veterans have high rates of Post-Traumatic Stress Disorder, traumatic brain injury, and sexual trauma, which can lead to higher risk for homelessness. About half of homeless Veterans have serious mental illness and 70 percent have substance abuse problems. Veterans are more likely to live outdoors —unsheltered — and experience long-term, chronic homelessness.”

National Call Center For Homeless Veterans

If you need housing assistance, call the National Call Center for Homeless Veterans at 1-877-4AID-VET (1-877-424-3838). When you call: You will be connected to a trained VA responder.

The responder will ask a few questions to assess your needs. If you're a Veteran, you may be connected with the Homeless Program point of contact at the nearest VA facility.

Contact info will be requested so staff may follow up.

Call the local SS Office to see if you are eligible to receive SS disability benefits if you are disabled, and to see about receiving your social security if you are 65 or older; in some cases you can receive early retirement benefits at age 62.

SS Income: SSI makes monthly payments to people who have low income and few resources and are: Age 65 or older; Blind; or Disabled.
Note: You can apply in person at the local office, online, or by a telephone appointment.; If you are a patient of the CARES clinic, they may assist you.

Eventually you will need proof of your identity, but you can start your app before you have the documents listed here:

The ID must be current (not expired) and show your name, identifying information (date of birth or age) and preferably a recent photograph. For example, as proof of identity Social Security must see:

U.S. driver's license;
State-issued no driver ID card; or
U.S. passport.

If you do not have one of these specific documents or you cannot get a replacement for one of them within 10 days, we will ask to see other documents, including:

Employee ID card;
School ID card;
Health insurance card (not Medicare card); or U.S. military ID card.

Tips:

- Get to know the person you are assisting so you can help communicate their experiences to the decision makers.
- Help street friend keep all required appointments.
- Turn all paperwork in on time.

-Continue seeing public health/mental health professionals.

What To Do If You Are Denied:

If denied SSI/SSDI you should immediately contact a lawyer specializing in disability law to assist with the appeals process. If you do not appeal within the period of time you are given you will need to re-apply. If you have previously been denied but there has been a change in your physical or mental health conditions you may apply again.

Youth

"Youth often leave home as a result of a severe family conflict which might

include physical and/or sexual abuse. One quarter of former foster youth experience homelessness within four years of exiting foster care. Research shows a high prevalence of depression, suicide initiations, and other mental health disorders among youth who are homeless. Chronic physical health conditions are common as are high rates of substance abuse disorders. Many youth who become homeless have histories of academic difficulties including suspension and expulsion."

The Common Ground Santa Barbara County volunteer effort is a special project of the United Way of Northern Santa Barbara County. The substance and findings of the work are dedicated to the public.

Navigating With A Person Experiencing Homelessness To Housing

- 1) Complete a Vulnerability Index Survey
- 2) Complete the "C3 Common Housing Application" as a template for all other housing applications.
- 3) Connect with other resources as appropriate. This may include Social Security, County Public Health, Youth Services, Veterans Services, County Mental Health, Recovery Community, etc.

By navigating systems alongside friends, you can act as an advocate to ensure they receive the services they need.

Street Outreach

Common Ground Santa Barbara County is dedicated to training and providing resources to support ending homelessness in our county. You can support this work in many ways:

- 1) Join a Common Ground Santa Barbara County outreach team! For more information please visit our website www.commongroundsb.org
- 2) Organize a sock, cereal bar, rain poncho, or toiletries drive. These items are invaluable when it comes to outreach.
- 3) Attend a volunteer training to learn best practices of outreach!
- 4) Volunteer with a non-profit or community action group that needs your help. You can learn more about these opportunities on our website: www.commongroundsb.org

Supporting Newly Housed Individuals

Newly housed friends are experiencing a significant change in their lives. With housing comes a new environment, neighbors, and, for those chronically on the streets, a need to build new skills and create new social structures. This can be stressful, but you can help in many ways, here is how:

- 1) Participate in our Common Ground Santa Barbara County housing outreach programs. Visit with friends in housing in a laid-back environment. Offering a listening ear is often just what a friend needs.
- 2) If you are unable to attend the housing outreach, you can still contribute to our weekly housing meal shares. Disposable utensils, napkins, drinks, healthy food, and salads are a huge help as some people newly in housing have limited incomes.
- 3) Helping furnish an apartment with simple necessities is another great way to help a person feel more at home. New or gently used items are welcome as are basic household items: towels, pots, pans, dish soap, toiletry items, and
