Resident Council/Resident Advisory Board Comments

Comments to be submitted to HACSB Commission for approval

Oct. 12, 2016

### Resident Council Comments

- ① Support efforts for conservation and recycling.
- ② Support efforts to maintain a healthy economic mix of low income, workforce and family in various housing programs.
- ③ With regard to HA core values, especially compassion, cooperation & communication. That accord to the needs of residents, the HACSB should provide more hours (at posted times) when residents can meet face-to-face with the on-site managers.

Re the Administrative Plan Document: Since these several documents are meant for the public as well as for HUD, make a list of all acronyms used + their meanings. For example, EID, FUD, FSS, HAP, etc.

Thank you.
